

## 5 Practices of High Impact Leadership

Are you living up to your potential as a high impact leader? Do you realize leadership plays a role in everyone's life whether you desire to be a leader or you are advancing your leadership skills? **Now is your chance** to experience how high impact leaders accomplish extraordinary results by living *The Five Practices of Exemplary Leadership*®.

Described in James Kouzes and Barry Posner's bestselling book, *The Leadership Challenge*® and backed by over 30 years of research and data from millions of leaders and constituents, the book clearly proves that anyone who engages in these five "practices" more frequently produce better results than those who don't. These leaders know they have a positive impact on their world.

*A previous participant in The Leadership Challenge® stated: Do you know how you all have changed my life? I've applied the 5 Practices in my professional life and my staff and I are working together more effectively. The best results are personal. My children and I were having constant conflict, I wasn't sure what to do and I felt discouraged. After going through this program my children like me better and we have fun together!"*

DTP-Leadership Group, LLC has over six decades of experience of working with leaders at all levels in a broad range of for-profit and non-profit organizations. Liz Cloud and Jackalyn Rainosek, PhD are both Certified Masters in *The Leadership Challenge*®. Both have taught, coached and consulted with executives, managers, individual contributors, volunteers, entrepreneurs, government administrators, teachers, nurses, law enforcement personnel and individuals beginning their leadership experience. They believe anyone can be a leader when the leader's journey is focused on honest, competent, and collaborative relationships that inspire others.

### After this course you will be able to:

- Build collaboration, teamwork and trust.
